

Form ADV Part 3 – Client Relationship Summary

Date: 05/09/2022

Item 1: Introduction

KANANI ADVISORY GROUP INC. is an investment adviser registered with the Securities and Exchange Commission offering advisory accounts and services. Brokerage and investment advisory services and fees differ, and it is important that you understand the differences. This document gives you a summary of the types of services and fees we offer. Please visit www.investor.gov/CRS for free, simple tools to research firms and financial professionals, as well as educational materials about broker-dealers, investment advisers, and investing.

Item 2: Relationships and Services

Questions to ask us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What investment services and advice can you provide me? Our firm primarily offers the following investment advisory services to retail clients: financial planning (we assess your financial situation and provide advice to meet your goals); solicitor/selection of other advisers (we select a third party adviser for you to use). As part of our standard services, we typically monitor client accounts on an annual basis. Our firm offers both discretionary advisory services (where our firm makes the decision regarding the purchase or sale of investments) as well as non-discretionary services (where the retail investor makes the ultimate decision). We limit the types of investments that are recommended since not every type of investment vehicle is needed to create an appropriate portfolio, but do not limit these investments to proprietary products. Our firm does *not* have a minimum account size. Please also see our Form ADV Part 2A ("[Brochure](#)"), specifically Items 4 & 7.

Item 3: Fees, Costs, Conflicts, and Standard of Conduct

Questions to ask us: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me? How might your conflicts of interest affect me, and how will you address them?

What fees will I pay? Our fees vary depending on the services you receive. Additionally, the amount of assets in your account affects our advisory fee; the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets in order to increase our fee. Advisory fees are charged monthly or quarterly and may be due in advance or in arrears depending on the management platform. Fees are withdrawn directly from the client's accounts with written authorization from the client. The timing, frequency and method of paying fees for election of third party managers will depend on the specific third party advisor selected and will be disclosed to the client prior to entering into a relationship with the third party adviser. For advisory fees that are charged in advance, we use the value of the account as of the last business day of the prior billing period, after taking into account deposits and withdrawals, for purposes of determining the market value of the assets upon which the advisory fee is based. For advisory fees that are charged in arrears, we use the average daily value of the account for the billing period or the value of the account on the last business day of the billing period after taking into account deposits and withdrawals, for the purpose of determining the market value of the assets upon which the advisory fee is based. You pay our fees even if you do not have any transactions and the advisory fee paid to us generally does not vary based on the type of investments selected. Please also see Items 4, 5, 6, 7 & 8 of our [Brochure](#).

Form ADV Part 3 – Client Relationship Summary

Date: 05/09/2022

Some investments (e.g., mutual funds, variable annuities, etc.) impose additional fees (e.g., transactional fees and product-level fees) that reduce the value of your investment over time. The same goes for any additional fees you pay to a custodian. For the wrap fee program, you will not typically pay additional transaction fees and thus our advisory fee is higher than if you paid transaction fees separately. **You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.** Please also see our [Brochure](#) for additional details.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have? *When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means*

- For AUM fees, the more assets you have in your advisory account, the more you will pay us and thus we have an incentive to increase those assets in order to increase our fee
- Certain individuals of our firm are also licensed insurance agents. From time to time, they will offer clients advice or products from this activity. You should be aware that these services pay a commission and involve a possible conflict of interest, as commissionable products can conflict with the fiduciary duties of a registered investment adviser.

How do your financial professionals make money? Primarily, we and our financial professionals receive cash compensation from the advisory services we provide to you because of the advisory fees we receive from you. This compensation may vary based on different factors, such as those listed above in this Item. Our financial professionals also have the ability to receive commissions from clients and therefore have an incentive to recommend products that provide them or us additional compensation over those that do not. Because we manage your portfolio in a wrap fee program, we have an incentive to limit trading in your account and to favor asset types that do not have a transaction fee in order to minimize trading expenses that we would have to normally pay out of our management fee. Please also see Item 10 of our [Brochure](#) for additional details.

Item 4: Disciplinary History

Questions to ask us: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Do you or your financial professionals have legal or disciplinary history? No, we do not have legal and disciplinary events. Visit <https://www.investor.gov/> for a free, simple search tool to research us and our financial professionals.

Item 5: Additional Information

Questions to ask us: *Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*

For additional information on our advisory services, see our [Brochure](#) available at <https://adviserinfo.sec.gov/firm/summary/288314> and any individual brochure supplement your representative provides. If you have any questions, need additional information, or want another copy of this Client Relationship Summary, then please contact us at (949) 502-7001.
